ACKNOWLEDGEMENT

I would like to express my sincere gratitude to my independent study advisor, Associate Professor Suthinan Pomsuwan for his support and advice for the consolidation of business plans. Moreover, his kind support in providing me clarification for any problem I encountered during the completion of the research.

Additionally, I would like to express my gratitude to Dr. Srisuda Chongsithipol for her flexibility and support in providing me, as well as other students additional time - line for completing the IS due to political turmoil which has caused a lot of barrier for many students in Bangkok Campus.

The staff at Naresuan Campus in Bangkok also deserve a big thank you especially Mr. Donald and Mrs. Shylah Antone, in keeping the students informed about the timeline and ensure that we all meet the deadlines. Another important thank you is to the Marketing team of Thong - lor Pet Hospitals in all 4 branches around Bangkok who has provided me an access to conduct interview and learn more about consumer behaviors at the actual site. Lastly, I would like to thank you my family, who have always encourage me to complete my Master Degree as well as their facilitation and support.
