ACKNOWLEDGEMENT

Contribution and support from many people helped me to complete this research. I would like to take this opportunity to express my appreciation to them.

First, I would like to express my deep appreciation and gratitude to my thesis advisors, Assoc.Prof.Dr. Kawin Sonthipermpoon, Assist.Prof.Dr. Pupong Pongcharoen and Dr. Apichai Ritvirool for providing beneficial advice even during the busy time.

I would also like to acknowledge to Apirak Khadwilard, Zhixu Tran, Kan Leewattanayingyong and Adirek Chainual for their help and advice.

I am grateful to the Department of Industrial Engineering, Faculty of Engineering, Naresuan University for the success to finish my Master Degree.

Finally, I would like to thank my father, mother, brother, sister, IE Staffs and my friends for their support and inspiration.

Anothai Klakankhai
