ACKNOWLEDGMENTS

Contribution and support from many people helped me in the completion of this research. I would like to take this opportunity to express my appreciation to them.

First, I would like to express my deeply appreciate and gratitude to Assoc. Prof. Dr. Wattanapong Rakwichian, for whose continuous support and encouragement make me have a good chance to study in master degree in renewable energy at Naresuan University. The second, I would like to acknowledge my gratitude to my thesis adviser Dr.-Ing. Nipon Ketjoy, for all the invaluable guidance, providing beneficial advice even during the busy time and for his kindness throughout my study. My heart-felt thanks go to Dr.Somchai Maneewan, Dr.Boonyang Plangklang my thesis examiners, for their helpful suggestions on thesis paper approval.

I am grateful to Mr. Chatchai Sirisumphanwong and Miss. Prapita Thanarak for their generous, kind supports. My personal appreciations are due to Assoc. Prof. Dr. Wattanapong Rakwichian and his staffs for their helping hands and spiritual support throughout my study. Many thank go to my classmates for their 'information and encouragement. We'll never walk alone.

Wholehearted thankful appreciations are given to my family for their patience, understanding, supports, and especially, their love.

Finally, I would like to thank the other, who inspired me but are not named in this acknowledgement.
