ACKNOWLEDGEMENT

I would like to take this opportunity to express my deep gratitude and appreciation to Assistance Professor Dr. Kornkanok Ingkaninan, my thesis advisor, for beneficial advice, supervision, kindness and encouragement throughout my study.

My sincere gratitude and deep appreciation must be extended to Assistance Professor Dr. Paveena Sonthisombat and Assistance Professor Dr. Nantaka Khorana, my co-advisors, for their guidance, invaluable advice, kindness and encouragement during entire study.

I am grateful to Naresuan University for granting me the scholarship for Master Degree of Pharmaceutical Sciences Program.

I would also like to thank Bioequivalence Test Center and the Faculty of Pharmaceutical Sciences for supporting this research.

My personal appreciation is due to Regional Medical Science Center, Phitsanulok for supporting me the LC-MS/MS instrument.

Wholehearted thankful appreciation is given to my family for their patience, understanding, support and especially, their love.

Finally, I would also like to thank the others, who helped me but are not named in this acknowledgement.
