## ACKNOWLEDGEMENT

Contribution and support from many people helped me in the completion of this research. I would like to express my sincere gratitude to Assoc. Prof. Dr. Somyot Plubtieng, my thesis adviser, for his instruction, providing beneficial advice even during the busy time and his kindness throughout my study which enable me to carry out my study successfully.

This work contains a number of improvement based on comments and suggestions provided by Assoc. Prof. Dr. Pramote Markshoe, Assoc. Prof. Dr. Suthep Suantai, Dr. Manoj Siripitukdet and Dr. Hansuk Tansee. I would like to take this opportunity to express my sincere thanks to all of them for their generous assistance.

I am greet to all staff at the department of mathematics of Naresuan University and Kasetsart University for their previous valuable lecture during my study. In particular, I thank Prof. Przemko Kranz for his aid including advisement of mathematics.

I wish to thank all of my classmates and friends for their useful help and information which will never be forgotten.

Finally, I gratefully appreciate my beloved family for their love, understanding, encouragement and sacrifices.
