## ACKNOWLEDGEMENT

I would like to acknowledge TRF-Master Research Grants (TRF-MAG), Office of Small and Medium Enterprises Promotion (OSMEP) and the Center of Excellence for Innovation in Chemistry (PERCH-CIC) for the financial support to this study.

I would like to express my appreciation and very grateful thanks to Associate Professor Dr. Jarupa Viyoch for her continuous encouragement and support during my study. Her guidance has been valuable, from the beginning to the end.

Many thanks also go to the members of my supervisory committee, Associate Professor Dr. Rattima Jeenapongsa, Assistant Professor Dr. Anothai Tangsumranjit and Assistant Professor. Dr. Sakchai Wittaya-aarekul for their suggestions and ideas that allowed me to advance my research proposal and project.

My thanks are extended to Assistant Professor Atawit Somsiri for his kindly supporting of artocarpin used throughout this study.

I gratefully acknowledged to Miss Piyaporn Donsing and all staffs at the Faculty of Pharmaceutical Sciences and Cosmetics & Natural Products Research Center (CosNat) for their friendship and support.

I would like to express my thanks to my parents and my family who have both listened to me and encouraged throughout my life.

Finally, I would also like to thank the other, who inspired me but are not named in this acknowledgement.
